

Email Delivery Solutions

With Options Media's email delivery platform you can build dynamic, long-lasting relationships with your customers and prospects.

Our full service marketing agency offers 360-degree multi-platform, multi-channel solutions that allow you to reach out to your existing customers and prospect for new ones.

Our agency has a proven track record of helping thousands of clients with all their online marketing needs. You'll find that our vast experience will help you gain a higher level of return on your marketing investments. We'll bring a new awareness of your products and services to a wider audience, continually improve your website traffic and grow your customer and prospect database. Our goal is to increase customer value and sales with the constant cross-sell and up-sell of your product with the industry's most advanced ESP (Email Service Provider) platforms.

Email Delivery Solutions

For almost 10 years Options Media has helped some of the world's most recognized and respected online brands deliver their email messages to their client's inboxes. No one can offer you better service or technology solutions for the same price as Options Media. With Options Media's email delivery platform you can easily create, send and track professional email campaigns to your subscribers. We design custom email delivery solutions for companies that have professional emailing needs and require more than a basic "cookie-cutter" delivery solution.

This is a complete turnkey solution where your company can choose various options for communicating with your clients or prospects through email delivery. We provide the software, hardware, bandwidth, domains, IP addresses and 24-hour technical support. With just a username and password you'll be able to upload and manage subscribers, review and upload campaign creative, schedule a series of trigger-based emails and pull detailed tracking reports and analytics.

With Options Media's email delivery platform you can build dynamic, long-lasting relationships with your customers and prospects.

List Management Solutions

Options Media can incorporate your database into our List Management System to monetize your list. Revenue is generated for your company via list rental fees or through cost-per-acquisition leads. Once you join, your data becomes part of our revenue-generating network of 35 million opted-in email addresses. Your subscribers will receive email broadcasts from non-competitive third-parties. Respondents can take advantage of these offers by filling out a form or clicking on a link. To add greater dollar value to your customer database get in contact with our List Management Team today. **Start now and Generate Income with your Lists**
